

HEALTHSOUTH
Desert Canyon Rehabilitation Hospital

“Several years ago a good friend of mine had a stroke and came to HealthSouth for rehabilitation. His progress was outstanding and he could not say enough about the commitment of the staff to his recovery. As I listened to him and observed his progress, I felt there might be an opportunity to offer spiritual therapy as well. It has been a distinct pleasure to minister to the patients and to interact with a great and committed staff.”

"I was a patient myself at HealthSouth. This is such a wonderful place and they took care of me so well that I wanted to give something back. I love volunteering several days a week and visiting patients with my service dog."
